Ultrasonic volumetric test according to ASTM A388 pass

Micro and macro etch test: satisfactory.

Produced without class II Ozone depleting substances.

Macroetch test per ASTM E340: acceptable.

Furnace calibrated according to AMS-H-6875.A: APRIL 2006

Reduction ratio = 103,2 : 1

Material solution annealed 1904°F for 1 h,

air cooled to below 90°F

Material is DFARS Compliant

Sono state soddisfatte tutte le condizioni richieste  
Die gestellten Anforderungen sind in Anlage erfüllt  
The material has been handled in accordance with the requirements  
Le matériau a été traité conforme aux exigences

Controllo antimescolanza: OK  
Verwechslungsprüfung: zufriedenstellend durchgeführt  
Assessing mixing performance: OK  
Controllo antimescolanza: OK

Controllo visivo e dimensionale soddisfa le esigenze  
Beisichtigung und Ausmessung: ohne Beanstandung  
Visual inspection and dimensional checks satisfactory  
Controllo visivo e dimensionale: soddisfa

Melting and manufactured in Italy

No welding or weld repair

Material free from Mercury contamination

We declare that the finished product is checked for radioactive contamination through Portal System when it leaves the production plant.

The Quality Management System is Certified acc. Pressure Equipment Directive '97/23/EC' Annex 1, s. 4.3 by TÜV and LLOYD'S

Any act of tampering, modification, alteration, counterfeiting and/or falsification and/or any other action which modifies the contents of this test certificate shall constitute a violation of applicable civil and criminal laws. Acciaierie Valbruna shall protect its rights and interests before any competent court, authority and jurisdiction.

Maximal and/or Valplus grade/products are manufactured with ladle techniques to control composition, distribution, size and shape of non-metallic inclusions for improved machinability

The supplied product conforms to requirements expressly requested by the purchaser and conforms to requirements specified by certified norms and standards. Should the product be used for more severe, critical and/or in any case different applications than those the material is generally intended for, any different and/or supplementary requirements shall be specifically demanded, at least, upon order of the Product by the Purchaser. Acciaierie Valbruna SpA shall not be responsible for any improper use of the Products.
